- Extreme Temperatures Demand the cord that delivers maximum performance in all weather conditions.
- Superior Flexibility at Sub-Freezing Temperatures – Resists stiffening or cracking under the most extreme weather conditions.
- Water Resistant – Will not absorb water that can corrode copper conductors or cause dangerous electrical shock.
- Flame retardant – Protects against accidental cord fire.
- Oil Resistant – Jacket will not deteriorate when used where oil or petroleum products may be present.
- Primelight® Power Indicator Light lets you see when the power is On.
- Primelok® Locking Connector prevents unwanted cord disconnects.
